MEDIA RELEASE

Australasian Conference Postponed

The MOPS Australia Australasian Conference originally booked for October 2020 will be postponed for approximately 12 months. This includes the Field Leader Training Seminar preceding the weekend conference. The conference was to be held in Tasmania for all MOPS Australia leaders and attendee mothers, both past and present. This was to be a celebration for the 20th anniversary of the incorporation of MOPS Australia.

There are two main reasons for this decision. Firstly, it is uncertain at this point if travel and gathering restrictions will be lifted in time for the conference. Secondly, we recognise the significant financial impact that many of our MOPS community are experiencing. This would prevent many from attending if it was held in October.

Local events, either online or in person depending on restrictions, will be held in each state. These events will launch the incoming annual theme and provide training to local group leaders. Details for these events will be communicated to leaders in due course.
